

OCCUPY SKAGIT

April 30th 2016

Where?

- Howard Miller Steelhead Park - Rockport, WA

Times?

- Meet & Greet - 9am
- 'Wade In' Between 10:00 - 2:00

Why?

WDFW is preparing The Skagit Steelhead Management Plan and is hoping to submit this plan to NMFS in February. This is the plan that will enable a catch and release season on the Skagit.

Occupy Skagit is a celebration to show your support for the restoration of the spring C&R season on the Skagit. It has been the tradition to spend a few minutes casting hook-less lures into the Skagit for old time's sake.

This year, with the pending plan in place, we are going to Olympia on April 9th to invite the Commissioners and the Director up to Rockport to join in.

We thank everyone for four years of respectful support. It would never have happened without you.

Catch and Release Is Not A Crime
